Важнейшим из них является проблема обеспечения устойчивости и безопасности системы. В настоящее время в мире наблюдается тенденция к усилению конкуренции между государствами, что требует от них повышения уровня обороноспособности и укрепления своих позиций на международной арене. В связи с этим особое внимание уделяется развитию оборонно-промышленного комплекса, который играет ключевую роль в обеспечении национальной безопасности. Кроме того, важным аспектом является укрепление сотрудничества между государствами в области безопасности, что способствует созданию стабильной и мирной обстановки в мире.

Information on the Administration of the Competition for the various positions:
