1920. A year of significant change for the United States. The country was still recovering from the economic devastation of World War I, and the government was struggling to manage the war's aftermath. The year was marked by the passage of the 19th Amendment, which granted women the right to vote, and the signing of the Treaty of Versailles, which ended the war. The year also saw the beginning of the Prohibition era, as the 18th Amendment was passed, banning the manufacture and sale of alcoholic beverages.

and the fact that the system is not a simple one, it is not possible to find a simple formula for the calculation of the system's response. The system's response is a function of the input signal and the system's parameters. The system's response is a function of the input signal and the system's parameters. The system's response is a function of the input signal and the system's parameters.

1. The first step in the process of identifying a problem is to define the problem. This involves identifying the symptoms of the problem and determining the scope of the problem. Once the problem has been defined, the next step is to identify the causes of the problem. This involves identifying the factors that are contributing to the problem and determining the underlying causes. Once the causes have been identified, the next step is to develop a plan of action. This involves identifying the steps that need to be taken to solve the problem and determining the resources that will be needed to implement the plan. Once a plan of action has been developed, the next step is to implement the plan. This involves carrying out the steps that have been identified in the plan and monitoring the progress of the implementation. Finally, the last step in the process is to evaluate the results of the implementation. This involves assessing the effectiveness of the plan and determining whether the problem has been solved.

Lista de Asistentes a la Junta General Ordinaria y Universal de Accionistas de la compañía CORFONIL S.A., celebrada el 4 de Abril del 2010

Jorge Luis Montero Ros, en su calidad de secretario de la Junta General Ordinaria y Universal de Accionistas de la compañía CORFONIL S.A., de conformidad con la ley, remite la lista de asistentes a esta Junta, señalando que se encuentran presentes los siguientes accionistas:

Accionista		
Acciones	100 acciones	Monter Ros, Jorge Luis
	100 acciones	Jorge Luis Montero Ros
Capital	100 acciones	Jorge Andres Montero Aguirre
	150 acciones	Juan Rafael Montero Aguirre
	100 acciones	Andres Pizarro Montero Lazo
	100 acciones	Luis Alberto Montero Lazo
	100 acciones	Miguel Eduardo Montero Lazo

Que las citadas acciones representan el total de acciones ordinarias numeradas y liberadas de la compañía que emite la cantidad de 600, presentándose presente la cantidad del capital pagado.

Guayaquil, 4 de abril del 2010

Jorge Luis Montero Ros

Secretario de la Junta
