Label the vertices $v_1, v_2, \dots, v_n$ in the order they are visited. For each vertex v_i , record the time t_i when it is first visited and the time t'_i when it is last visited. The time t_i is the time when the first edge incident to v_i is traversed, and the time t'_i is the time when the last edge incident to v_i is traversed. The time t_i is the time when the first edge incident to v_i is traversed, and the time t'_i is the time when the last edge incident to v_i is traversed.
