Section 1: Introduction

1.1 Purpose of the Document

The purpose of this document is to provide a comprehensive overview of the project's objectives, scope, and key deliverables. It serves as a reference for all stakeholders involved in the project.

1.2 Scope of the Project

The project scope includes the development of a new software application that will streamline the internal workflow process. The scope is limited to the core functionality and does not include hardware procurement or external integrations.

1.3 Key Deliverables

The key deliverables of this project are: a detailed project plan, a functional prototype, a fully developed software application, and a final project report. Each deliverable will be reviewed and approved by the project steering committee.

1.4 Project Organization

The project is organized into several functional areas: Project Management, Development, Testing, and Deployment. Each area is led by a dedicated team member responsible for the successful completion of their respective tasks.
