

Figure 1. The effect of the concentration of the H_2O_2 solution on the amount of the released H_2O from the H_2O_2 solution. The amount of the released H_2O from the H_2O_2 solution was measured by the gravimetric method. The amount of the released H_2O from the H_2O_2 solution was measured by the gravimetric method. The amount of the released H_2O from the H_2O_2 solution was measured by the gravimetric method.
