QUESTION

ANSWER

The first step in the process of the business plan is to determine the scope of the business. This is done by identifying the products and services that the business will offer, the target market, and the competitive environment. The second step is to determine the financial requirements of the business. This is done by estimating the costs of the business and the revenue that it will generate. The third step is to determine the marketing strategy of the business. This is done by identifying the methods that will be used to promote the business and its products or services.
