Summary

• **WILHELM** (1875-1952) was born in **Wuppertal** (Siegfriedstrasse 7) and died in **Wuppertal** (Königsworther Strasse 10).
• **WILHELM** (1875-1952) was buried in **Wuppertal** (Königsworther Strasse 10).
• **WILHELM** (1875-1952) was born in **Wuppertal** (Königsworther Strasse 10).
• **WILHELM** (1875-1952) was buried in **Wuppertal** (Königsworther Strasse 10).

The last section of the study focuses on the relationship between the different variables. There are two main goals in this section. The first is to examine the relationship between the different variables and the outcome variable, which is the number of days spent in hospital. The second goal is to identify any potential interactions between the variables. This will help us to better understand the factors that contribute to the length of hospital stay.

Journal of Clinical Psychopharmacology, Vol. 29, No. 4, December 2005, pp. 483–486
