

The image is a large, faint, abstract graphic. It consists of a grid of small black squares arranged in a pattern that resembles a stylized letter 'A' or a sparse matrix. The squares are distributed across the page, with some forming horizontal lines and others forming vertical columns. The overall effect is a minimalist, high-contrast design.

The scatter plot displays the relationship between the number of children in a family (X-axis) and the number of children who are members of a church (Y-axis). The X-axis is labeled 'Number of children in family' and ranges from 0 to 10. The Y-axis is labeled 'Number of children who are members of a church' and ranges from 0 to 10. There are 20 data points plotted. A line of best fit is drawn through the data points, showing a positive correlation. The line starts at approximately (0, 1) and ends at approximately (10, 6).

| Number of children in family (X) | Number of children who are members of a church (Y) |
|----------------------------------|----------------------------------------------------|
| 0                                | 1                                                  |
| 1                                | 2                                                  |
| 1                                | 3                                                  |
| 2                                | 4                                                  |
| 2                                | 5                                                  |
| 3                                | 6                                                  |

1. The first part of the document is a list of the names of the persons who have been appointed to the various offices of the city government. The names are listed in alphabetical order, and each name is followed by the office to which he or she has been appointed.

2. The second part of the document is a list of the names of the persons who have been appointed to the various offices of the city government. The names are listed in alphabetical order, and each name is followed by the office to which he or she has been appointed.

3. The third part of the document is a list of the names of the persons who have been appointed to the various offices of the city government. The names are listed in alphabetical order, and each name is followed by the office to which he or she has been appointed.

4. The fourth part of the document is a list of the names of the persons who have been appointed to the various offices of the city government. The names are listed in alphabetical order, and each name is followed by the office to which he or she has been appointed.

1. The first part of the document is a list of the names of the persons who have been appointed to the various positions of the Board of Directors of the Corporation.

2. The second part of the document is a list of the names of the persons who have been appointed to the various positions of the Board of Directors of the Corporation.

3. The third part of the document is a list of the names of the persons who have been appointed to the various positions of the Board of Directors of the Corporation.

4. The fourth part of the document is a list of the names of the persons who have been appointed to the various positions of the Board of Directors of the Corporation.

5. The fifth part of the document is a list of the names of the persons who have been appointed to the various positions of the Board of Directors of the Corporation.

6. The sixth part of the document is a list of the names of the persons who have been appointed to the various positions of the Board of Directors of the Corporation.

7. The seventh part of the document is a list of the names of the persons who have been appointed to the various positions of the Board of Directors of the Corporation.

8. The eighth part of the document is a list of the names of the persons who have been appointed to the various positions of the Board of Directors of the Corporation.

9. The ninth part of the document is a list of the names of the persons who have been appointed to the various positions of the Board of Directors of the Corporation.

10. The tenth part of the document is a list of the names of the persons who have been appointed to the various positions of the Board of Directors of the Corporation.

11. The eleventh part of the document is a list of the names of the persons who have been appointed to the various positions of the Board of Directors of the Corporation.

12. The twelfth part of the document is a list of the names of the persons who have been appointed to the various positions of the Board of Directors of the Corporation.

13. The thirteenth part of the document is a list of the names of the persons who have been appointed to the various positions of the Board of Directors of the Corporation.

14. The fourteenth part of the document is a list of the names of the persons who have been appointed to the various positions of the Board of Directors of the Corporation.

15. The fifteenth part of the document is a list of the names of the persons who have been appointed to the various positions of the Board of Directors of the Corporation.

A scatter plot showing the relationship between the number of children and the number of books. The x-axis is labeled 'Number of children' and ranges from 0 to 10. The y-axis is labeled 'Number of books' and ranges from 0 to 10. Data points are plotted for various families, showing a positive correlation. For example, a family with 1 child has 2 books, a family with 2 children has 4 books, and a family with 10 children has 10 books.

[illegible]

| Number of Children (X) | Number of Church Members (Y) |
|------------------------|------------------------------|
| 0                      | 0                            |
| 0                      | 1                            |
| 0                      | 2                            |
| 0                      | 3                            |
| 0                      | 4                            |

| Age Group | Men (%) | Women (%) |
|-----------|---------|-----------|
| 18-29     | ~65     | ~55       |
| 30-49     | ~75     | ~65       |
| 50-69     | ~85     | ~70       |
| 70+       | ~90     | ~80       |

 UNIVERSITY OF MICHIGAN PRESS

1. *Journal of the American Medical Association*, 1997; 278: 1039-1044.

Figure 1. The effect of the number of trials on the number of correct responses. The number of correct responses was significantly higher than the number of incorrect responses in all cases.

| Age Group | Gender | U.S. should take action to reduce global warming (%) | U.S. should not take action to reduce global warming (%) |
|-----------|--------|------------------------------------------------------|----------------------------------------------------------|
| 18-29     | Male   | ~85                                                  | ~15                                                      |

|           | Female | ~65                                                  | ~35                                                      |

**Figure 6.** The effect of the number of trials on the mean proportion of correct responses ( $\pm$  SEM) for each condition. The error bars represent the standard error of the mean. Asterisks indicate significant differences between conditions at the same trial number.

**■ ■ ■**

| Age Group | Men (%) | Women (%) |
|-----------|---------|-----------|
| 18-29     | ~65     | ~68       |
| 30-49     | ~75     | ~78       |
| 50-69     | ~78     | ~82       |
| 60-69     | ~65     | ~85       |
| 70+       | ~85     | ~88       |
| All       | ~78     | ~82       |

| Age Group | Percentage |
|-----------|------------|
| 18-29     | 65         |
| 30-49     | 75         |
| 50-69     | 85         |
| 70+       | 95         |
