18. *Environ. Sci. Technol.* 1992, 26, 1102-1107.

1. *Abstract*: This paper discusses the role of the state in the development of the economy. It argues that the state should play a leading role in the development of the economy, particularly in the areas of infrastructure, education, and health care. The paper also discusses the importance of the private sector in the development of the economy, and the need for a balanced approach to economic development.
