

REFERENCES AND NOTES

the next edition of my book will be 2010-11. I am now working on the book, due in 2011. The book will be titled *“The Future of the Global Environment”*.

By contrast, models can underestimate the additional joint variability in cases for which the condition of joint normality is violated.

La cifra de los muertos por enfermedades respiratorias agudas es de 1.000 en el país.

1997 (see also the 1997 Annual Report of the World Bank for more information). In addition, the World Bank has been involved in the development of the environmental codes in Argentina.

Current situation

bio. subjects. The journal also contains the results of the National Institute of Child Health and Human Development (NICHD) study of the relationship between 2000 mothers and their 1-year-old children. The journal is published quarterly and is available online at <http://www.ncbi.nlm.nih.gov/pmc/journals/bmbs/>.

Ilha de Chiloé. Sobre el mosaico agropecuario de la isla Chilota se han desarrollado los sistemas de manejo sostenible.
