Figure 6. The effect of the number of iterations on the performance of the proposed algorithm. The figure shows two plots. The top plot displays the 'Number of iterations' on the x-axis (ranging from 0 to 100) against 'Performance' on the y-axis (ranging from 0.8 to 1.0). The bottom plot displays the 'Number of iterations' on the x-axis (ranging from 0 to 100) against 'Error' on the y-axis (ranging from 0.0 to 0.2).
