and the fact that the 1990s have been a decade of "restructuring" in the public sector, the authors conclude that the "new" public sector is not a new sector at all. It is the old sector, but with a new name. The authors argue that the "new" public sector is not a new sector at all. It is the old sector, but with a new name. The authors argue that the "new" public sector is not a new sector at all. It is the old sector, but with a new name.
