Confidential

Una parola a parte merita l'esperienza di un gruppo di disoccupati, la Casa Italia di Genova, che ha messo in atto un piano di lavoro di tipo "disoccupati che lavorano" e che è riuscito ad avviare un'attività di produzione e di distribuzione di prodotti artigianali.

0-00000000-0000-0000-0000-000000000000

100 *Journal of Management Education* 36(1)

¹ For practical reasons, the authors have concentrated mainly on the use of open to closed cells as a means of controlling the distribution of the population. The authors are aware that other methods, such as the use of closed to closed cells, may be used to achieve the same result. However, the authors believe that the use of open to closed cells is the most effective and efficient method.
