This aerial photograph shows a coastal area with a road and a building. The road is a straight line running horizontally across the middle of the image. To the right of the road, there is a large, rectangular building with a flat roof. The surrounding area is mostly flat and appears to be a mix of land and water. The image is in black and white and has a grainy, high-contrast quality.

— *Chlorophyll a* (mg/g dry weight) = $\frac{12.7}{100} \times \text{OD}_{660} \times 1000$
